Microorganisms

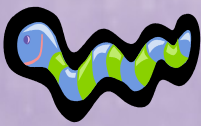

Mondays: March 4, 11 & 18

Viruses, fungi, and bacteria and are found everywhere in the world. They are found in all living things, plants and animals! Let's explore the world of microorganisms!

Talking Bones

Mondays: April 8, 15 & 22

Have you ever found a bone in the woods? Did you know what animal it belonged to? Let's look at skulls and bones to learn what they are really telling us!

The World of Worms

Mondays: May 6, 13 & 20

Let's learn the role that worms play in our environment and in our lives. We will explore the world of worms as they lead humans to create healthy alternatives to fertilizers, pesticides, plastics and processed foods.
